

TRIANGLE PUZZLE 3

On the next page are many shapes overlying one other. Where they overlap, more shapes are created, and inside each of these small shapes is a letter. Find all nineteen letters inside the small triangles [only the triangles – with three straight sides] and arrange them inside the grid at the top of the page to create a well known phrase found in one of the 150 Psalms.

It might help if you place the letters in the grid here as you find them, and then rearrange them into the phrase.

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19
