

CODE BREAKER PAIRS 02

Here's a simple code breaker puzzle; 1=A, 2=B, through to 26=Z. Can you work out whose names are in the lists? There's a little twist to this puzzle – each of the person in the numbered, left column has a place name partner in the lettered, right column, so can you connect them? Write the answers in the space at the bottom of the page. If you need some extra clues, take a look at the second page which shows a list of Bible references where these people and places can be found.
